Rules specific to giant pandas are in red!

### Setup:

- Place the game board on the table, forest side up.
  - Place pandas (P) as indicated (5 left in the supply).
  - Place 24 deforestation tiles in the supply.
  - 25 Money, 25 influence cubes, black & orange dice nearby.
  - Put year marker on square 1 on game board calendar track.
- Choose difficulty level for your game:
  - Easy:** Only need 3 Yes votes to win.
  - Normal:** Regular rules.
  - Hard:** Lose 3 pandas (instead of 2) with the Fragmentation Instant Impact card.
- Shuffle the panda impact deck face down by the game board.
- Randomly place 3 blue, 2 green, 1 grey ambassador cards face down above the game board.
- Each player takes a role and its matching turn marker, 3 dice, specialty cards, 14 player cards and player aid card.
  - Choose ONE specialty card to keep (other goes to the box).
    - Immediately play the card specified at the bottom. Note:
      - Action:** put in the action zone side of the game board.
      - Continuous:** put face up by your board (just for you).
      - Once:** Do it then discard it (to your own discard pile).
  - Place your 3 dice & turn marker around your player board.
  - Shuffle the player deck. Draw 2 face up cards to your hand.

### Game Play (not clockwise - choose play order each round):

#### 1) Actions (via your 3 dice)

- Place your turn marker on top of the year marker (in a stack).
- Retrieve your 3 dice from wherever they are and roll them.
- One at a time, place a die on any available action zone card.
  - The die remains on that card until your next turn.
  - Perform the action specified on the card.
  - You may not place a die on a card where you have a die.
  - The value of the die must be greater than any die there.
    - 2 player game: must be at least 2 higher.
  - Social Media Campaign** ignores the rule restrictions.
  - In order to play a card from your hand you must select an action that allows this. There are 3 types of cards to play:
    - Action:** put in the action zone side of the game board.
    - Continuous:** put face up by your board (just for you).
    - Once:** Do it then discard it (to your own discard pile).

#### 2) Offspring (no special rules for this scenario)

- If there is at least one pair of pandas on a square:
  - Roll the orange offspring die.
    - If its value is less or equal to the number of panda pairs+1:
      - Place an offspring panda on an empty space adjacent (not diagonal) to any panda pair.
      - If not possible, no offspring are produced.

#### 3) Destruction (via rules for this scenario)

Follow this procedure TWICE:

- Choose a row or column (a line) with at least 1 panda.
- Roll the black destruction die.
  - Place a deforestation tile on that space in that line.
    - If no deforestation tiles are left in the supply: **LOSE!**
    - If there already is a tile on that space, place it on the nearest space in that line with no tile.
    - All pandas in that space are sent back to the supply.
    - If only 1 panda (or less) is on the board: **LOSE!**

#### 4) Impact (if deck runs out, shuffle discards for a new deck)

- Reveal the top card of the impact deck. Two types:
  - Instant:** Do it now! Then put it in the face up discard pile.
  - Persistent:** Place face up next to the impact deck. Its ongoing effect stays in play until told to remove/discard it.
    - Resolve in order with the oldest being resolved first.

#### 5) Upkeep (ending your turn procedure)

- Draw 1 card from your action deck to your (unlimited) hand.
- Pick a player who hasn't had a turn this round to go next.
  - If every player has had a turn, do the year end first!

#### Ambassadors (need 4 yes votes of revealed ambassadors):

- Placing an influence cube reveals an ambassador (cube stays)
- Each ambassador has different criteria needed for a yes vote!

#### Money (each money token is 1 million dollars... no sharing!):

- Gained money comes from the supply.
- Spent money returns to the supply.

#### Animals:

- When adding an animal, take it from the supply.
- When losing an animal, return it to the supply.
  - If only 1 animal (or less) is left on the board: **LOSE!**
- Some actions allow you to move animals.
  - May not move onto or through destruction tiles unless told.
  - May move onto a tile with other animals.

#### Year End (icons are based on the number of players):

Voting years have a black (1st) or red (2nd) icon on the side.

- If this is a voting year, check each revealed ambassador.
  - If at least 4 vote yes: **check for WIN condition:**
    - Is there a 3x3 area with no deforestation? Yes: **WIN!**
    - If this was the 1st voting year and no win: **Continue!**
    - If this was the 2nd voting year and no win: **LOSE!**
- Continue:** move the year marker to the next year & give turn markers back to players. The player who went last chooses who goes next (not themselves).

**Note:** this scenario can be part of an Endangered Campaign.
